Student Services and Curriculum Development

DIA staff consult with teachers prior to field trips to ensure that students continue to have meaningful, educational experiences that connect to classroom learning. School field trip gallery teachers have expanded the repertoire of hands-on engagement strategies to further enhance all guided experiences

The DIA launched two new STEAM adventures, utilizing the Detroit Industry Murals in Rivera Court for grades 5-12 and in collaboration with DIA Conservation scientists in the galleries for grades 6-12.

A new guided field trip program was launched in order to support Social-Emotional Learning. This program was designed to meet the SEL needs of schools and make connections between SEL themes and art.

The DIA expanded the *Meaning Through Art-Making* program to accommodate 3rd – 12th graders. DIA studio instructors led learner-centered gallery tours and hands-on artmaking.

Teachers from Macomb, Oakland and Wayne counties met in January, March, and June to advise DIA staff and provide input on professional development workshops and online curriculum resources. There was an intentional focus to engage the Teacher Advisory Group around issues of inclusivity, diversity, equity, and access.

In the fall of 2019, three new educators (one from each county) joined the current Teacher Advisory Group cohort for a 2-year term in order to bring new perspectives to the team while allowing experienced TAG teachers to mentor new members.

The DIA hosted “Homeschool Afternoons” at the museum in February and June featuring art-making and guided tours.

Free Student Field Trips with Bus Transportation

The DIA provides free field trips, free transportation and access to K-12 students across Metro Detroit each year.

17,127 Macomb County residents participated in no-cost school field trips to the DIA. Complimentary transportation was provided to all groups.

The DIA provides district-wide field trip experiences and teacher support through the following commitments to Macomb County partners:

Utica Community Schools – Every 5th grader to visit the DIA to for a field trip focused on indigenous art and culture.

L'anse Creuse – Every 3rd, 5th, and 7th grader to visit the museum for field trips that support writing, social studies and science curriculum. Middle school to attend upcoming performances of Diary of Anne Frank.

Senior Program Thursdays at the Museum

The DIA's Thursday's at the Museum program, provides tri-county residents 55+ with a different museum experience each Thursday of the month including free group transportation and concluding with coffee reception.

In 2019, the DIA continued to attract new audiences for the Thursdays at the Museum by broadening the menu of programs. A selection of special offerings is highlighted below:

Art Bingo: seniors learned about the DIA's collection through an art-themed bingo event.

America Let's Exercise: participants enjoyed a local senior dance group and presentation focused on healthy living and exercise habits for older adults.

In the Garden: seniors attended a special talk exploring the hidden meanings behind images of flowers, plants, and gardens in some of the DIA's favorite works of art.

Mother's Day Music: attendees enjoyed a performance featuring jazz, Latin, vocal, contemporary, and classical sounds.

Due to the success of these new programs, the DIA will continue to incorporate special offerings alongside the regular rotation of private film screenings, tours of galleries and exhibitions, and hands-on artmaking opportunities. From August through December, 50 interviews were held with Thursdays at the Museum program participants. Results will be analyzed and will impact future program planning.

The DIA welcomed 68 senior groups to the museum with more than 2,056 residents participating in Thursday's at the Museum. All groups were offered complimentary bus transportation.
